Permit # NO-2013-58-816

Round Lake Property Owners Association  
Tom Connell  
P.O. Box 1070  
Hayward, WI 54843

Dear Mr. Connell:

Enclosed you will find your approved Aquatic Plant Management permit for chemical treatment on Round Lake in Sawyer County. Your application has been approved for the area described and may not be expanded. Details of the approved treatment area are as follows:

Township 41N                      Range 8W                      Sec. 36

**Specific Project Description** (as shown on application form).

1. EWM control on the attached described 7 sites covering a maximum of 22.0 acre(s).
2. Liquid or granular 2, 4-D may be used on this project.
3. Please submit GPS coordinates of the treatment sites with the treatment record.
4. Care should be taken to protect any wild rice growing in the area.
5. Treatments to be scheduled to avoid inclement weather and winds that would hinder efficacy.
6. All requirements for notification according to NR 107.07 (3) must be satisfied prior to treatment. All riparian residents within 150 feet of a treated areas must be properly notified per NR107.04(4).

Please note these selected permit conditions (refer to Section NR 107.08 for complete details):

1. Four-day advance notification of treatment is required unless exempted in Section VII of the application.
2. Treatment sites must be posted a minimum of one day or as specified in the use restrictions on the chemical label.
3. The Aquatic Plant Treatment Record must be submitted within 30 days after treatment or by October 1 if no treatment occurs.
4. "All equipment used for the project shall be de-contaminated following the most current protocols for invasive and exotic viruses and species prior to use and after use. All equipment that comes in contact with infested waters, including but not limited to tracked vehicles, barges, boats, silt or turbidity curtain, hoses, sheet pile and pumps, shall be thoroughly disinfected. To the extent practicable, equipment and gear used on infested waters should not be used on other non-infested

waters". Note: The most current decontamination protocols can be found at the following website <http://dnr.wi.gov/> under the topic "Waterway and Wetland Permits".

Thank you for complying with the provisions of Wis. Adm. Code NR 107 concerning the use of aquatic pesticides for plant management. Feel free to contact Mark Sundeen at the Spooner Service Center at 715/635-4074 for further information.

Sincerely,

John Gozdziwski  
Northern Region Director
