*-Make a weekend of it! Attend a pontoon tour of Lake Namekagon on Saturday and learn about shoreland development ([see more info below](#))-*

---

## The 2014 Northwest Wisconsin Lakes Conference!

The Northwest Wisconsin Lakes Conference is one of Wisconsin's premier lake events. To be held this year at the Drummond High School, the all day program will again be a great opportunity for lake leaders, local government officials, and others interested in protecting our water resources to take in a number of educational presentations, visit informative exhibits, and network with fellow lake enthusiasts.

Our keynote speaker is [Dan Small](#), the face and voice of the public television program Outdoor Wisconsin and the weekly voice of Dan Small Outdoors Radio, Wisconsin's #1 outdoor radio show. Dan will speak on the topic, "Outdoor Wisconsin - Celebrating Wisconsin Waterways."

The conference will feature 15 different breakout sessions covering a wide variety of lake-related topics and issues, including: current legislation affecting lakes, dam policy and management, shoreland zoning, lake science, aquatic invasive species control, fish and wildlife habitat, waterway partnerships, lake ecology education, lake association operations, and wildlife photography.

Many exhibitors, including natural resource-related non profit organizations as well as private businesses providing products and services for lakes, will have displays at the conference.

The registration fee is \$35, which includes: admission, program materials, a continental breakfast, and lunch. Students, both high school and college, can attend free of charge, but all still need to register and indicate the school/college they attend on the conference registration form.

## EXHIBITOR INFORMATION

The Northwest Wisconsin Lakes Conference is a great opportunity to strengthen existing partnerships and build new relationships with citizen advocates, organization leaders, lake enthusiasts, lake management professionals, local decision makers, state and local agency personnel, and service providers.

We encourage your organization or business to share projects, resources, or services with an exhibit. Display tables are available to showcase your success stories and helpful resources among other lake enthusiasts and conservation leaders. The conference program is shaped to provide ample networking time in an engaging atmosphere.

*Make a weekend of it!*

**Stick around for the Natural Resources Foundation's Pontoon Tour "Life on the Edge: Protecting Shorelands", Saturday, June 21 from 9-4 on Lake Namekagon.**

Climb aboard a pontoon classroom for a hands-on opportunity to gain a better understanding of aquatic sciences and healthy shorelines. Learn about shoreland habitat, water quality monitoring, and shoreland management & restoration. Lunch is included in the \$32/person cost of the trip, which will be led by Michael Wenholz, John Haack, and Pamela Toshner.

For more information and to register, click [here](#).

*(Note: This field trip is organized and offered by the Natural Resources Foundation and is not a part of the NW WI Lakes Conference.)*

*Wisconsin Lakes sends eLake Informational Bulletins periodically when news items arise that we believe lake citizens need to know about sooner than in the monthly eLake Letter newsletter. For even more up-to-date information, analysis, and opinion, follow the [Lakes Blog](#). Your donations support our efforts to provide you with accurate, up-to-date information and to advocate for lakes in the state Capitol and beyond. You can contribute anytime at [www.wisconsinlakes.org](http://www.wisconsinlakes.org).*
