

ASSIGNMENT
OF
COPYRIGHT, PROPERTY RIGHTS AND DOCUMENTS

RECITALS:

Whereas, James R. Hausman paid for the work, documents and items assigned to him hereby, and;

Whereas, at all times James R. Hausman was considered to be the owner thereof, and

Whereas, the studies and reports were prepared for the use of the attorneys retained by Hausman, for discovery purposes due to the law suit described below; and

Whereas, the Copyright on the Barr Engineering Company work was obtained by Barr Engineering Company, to protect the work product from being released into the public domain, at the insistence of James R. Hausman.

Whereas, all billable time, studies, evaluations, opinions, etc., has been paid for by James R. Hausman, directly to Barr Engineering Company.

NOW THEREFORE, FOR VALUABLE CONSIDERATION, the Assignor, Barr Engineering Company, of Minneapolis, Minnesota hereby sells, assigns, transfers and sets over unto James R. Hausman, Assignee, of ██████████, ██████████, all of its right, title, and interest in and to any and all Barr Engineering Company, of Minneapolis, Minnesota, reports on the study of the cause of high water levels and of drainage problems in Round Lake, Sawyer County, Wisconsin, together with the Copyright(s) issued to the Assignor thereon. The Assignor further assigns, transfers and sets over all surveys, photographs, data, compilations, historical documents, work papers, memoranda, graphs, charts, presentation materials, soil borings and documents of every kind pertaining to the study of the water level of Round Lake, whether prepared by Barr Engineering Company or the Assignee. Barr Engineering Company, retains the right to maintain and archive copies, refer to, and make reference all such documents and work, and Assignee wants all records preserved for the use specified below, and acknowledges that maintaining the records are crucial for the Round Lake Property Owners Association, Inc., of Sawyer County, Hayward Wisconsin. Assignee acknowledges that all such work was prepared for a specific purpose that it used data and other information that was specific to time and location, and that was prepared at a specific time. Assignee further acknowledges and agrees that all such work may not be suitable for any time or purpose for other than that for which it was prepared. Barr makes no warranty whatsoever with regard to the work.

Barr Engineering Company further acknowledges that James R. Hausman has given, transferred, pledged and assigned all rights, title and interest in all matters related to Round Lake water study to Round Lake Property Owners Association, Inc., of Hayward, Wisconsin, which has similar interest in the study, conclusions, opinions, conclusions, litigation against Sawyer County, and the control of the water levels on Round Lake, Sawyer County, Wisconsin etc., and such

ownership rights, title and interest are hereby conferred to the Round Lake Property Owners Association, Inc., by Assignee.
