

HISTORY OF LEVEL OF ROUND LAKE

1896-1935 1937 1938 1939 1940 1941 1942 1943 1944 1945

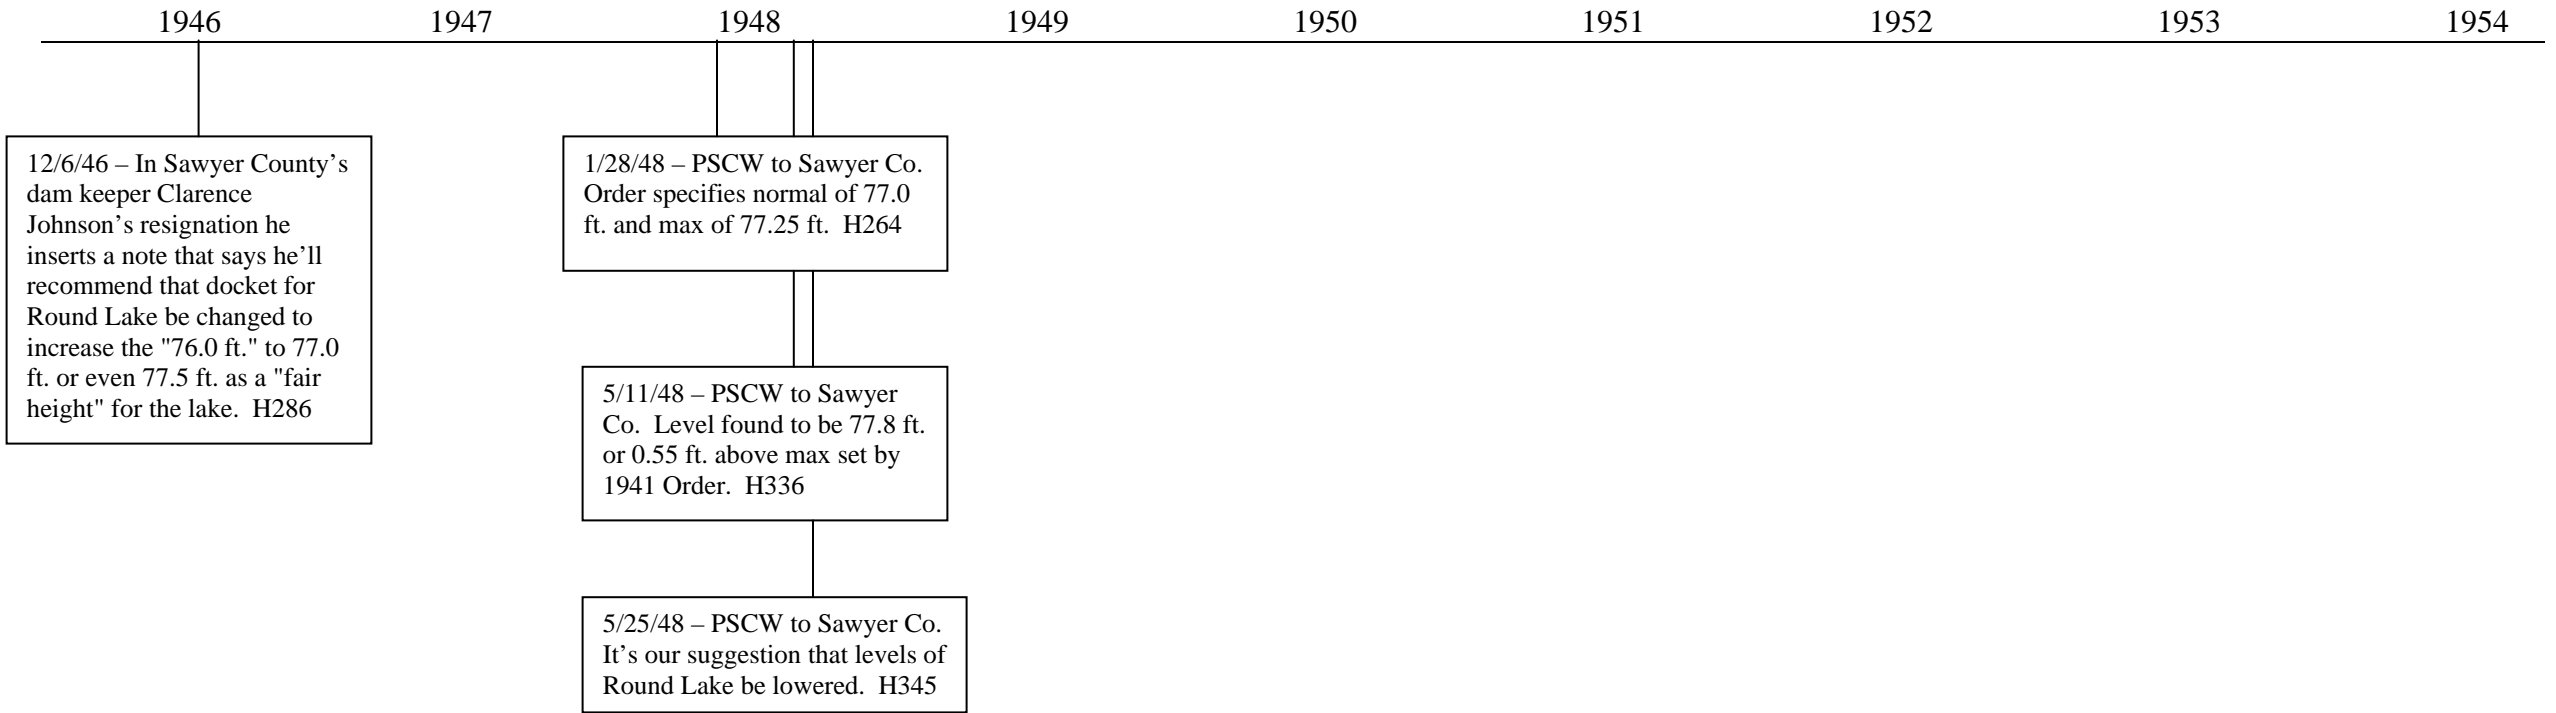

PSCW summarizes elevations from 1896-1935. H133

6/21/37 – Normal elevation 83 ft. Recent years dropped to 73 ft. or 10 ft. below normal. H1, p. 255

1941 Order – Sawyer Co. maintain Round Lakes at normal elevation of 77.0 ft. not to rise above 77.25. H121

6/7/42 – PSCW ltr – Elevation fixed for Round Lake was normal elevation maintained for many years & in best interest of riparians. Sawyer Co. didn't properly provide an outlet whereby normal elevation fixed by Commission could be maintained. As soon as water is reduced to normal Co. will be able to prevent water from rising above that normal. H247
