

RLPOA PARTNER STATEMENT

RLPOA Inc. is a non profit organization formed to generally promote, encourage and foster the quality of Round Lake. The major objectives of the Association are to protect the environment, to maintain the natural beauty of Round Lakes, to keep Round Lakes clean and safe for all peoples.

RLPOA Inc. is strongly for continued Sawyer County management and maintenance of the Little Round Lake Outlet Dam at Carlson Road; and the Dam & Diversion Channel between Placid and Round Lakes. **RLPOA Inc.** does not support abandoning these dams or the so called “passive” management scheme in **The Round Lake Chain Management Plan** dated January 2007 authored and coordinated by Sawyer County Land & Water Conservation Department.

We are **NOT** a partner in abandoning these important water control structures.
