Dale;

We have not heard back from the county on a location for proposed scheduling of the hearing on the 23<sup>rd</sup>. At this time, we're going to have to nix the 23<sup>rd</sup>. Like the hearings in the past, the public notice for the informational hearing must be posted in the local newspaper for a minimum of 10 days prior to the actual hearing date. Since we did not make today's paper publication date, the earliest publication date would be the 14<sup>th</sup> and that is not enough time for a hearing on the 23<sup>rd</sup>.

Get back to me with some potential dates, times and locations for a hearing in mid-June. That way we can coordinate and have plenty of time to get the notice published and meet our legal obligations.
