Hayward, WI 54843

SUBJ: Status of Application – 2013 Dam Removal Grant Program
Applicant: Sawyer County
Project: Little Round Lake Dam (Carlson Road Dam)/FF#57.34, KSN#1470

Dear Mr. Olson:

Thank you for your application to the Dam Removal Grant Program.

Unfortunately, all funds available to this program are currently committed to other projects. Although we will not be able to commit funding to any new projects at this time, we will retain your application on file. If any of the funded projects fail to be completed or come in under budget, we will look at the possibility of funding this project at that time. We may also have the opportunity to further consider your application if the state budget includes additional funding for the dam removal grant program.

While we are unable to offer funding at this time, we would like to receive the following information in order to supplement the application on file:

- Abandonment permit approval
- Additional narrative that depicts plans for dam removal

Additional information can be sent to Kari Beetham, Dam Grant Manager, in one of three ways:

- a. U.S. Mail – WDNR-CF/2, PO Box 7921, Madison, WI 53707
- b. Email – Kari.Beetham@wisconsin.gov
- c. Telefax – 608/267-0496

If you have any questions or concerns regarding this letter, please contact Kari at 608-264-9207.

Sincerely,

Meg Galloway, P.E.
Chief, Dams and Floodplain Management Section
